

Fossils at the Fort

Presented by Metro Parks and Vanderbilt University
Department of Earth and Environmental Sciences

Saturday, March 30 10:00 am - 2:00 pm

Join Students Enrolled in EES 220: *Life through Time* for a Journey into Middle Tennessee's Astonishing Ancient Past!

- * Discover 450 million year old fossils preserved in limestone.
- * Plot and identify major events on the giant timeline.
- * Bring a favorite fossil for identification.
- * Student-led presentations and tours reconstruct Tennessee's ancient past as an enormous tropical sea and highlight some of the most extraordinary fossils found around the world.
